Board of Directors

Serving LEAP

Consumers with Disabilities

Everyone knows someone who has a condition that interferes with their ability to live the life they want. Approximately one in every four people has a disability. **Disability is a natural part of life.***

This is where you can make a big impact in improving the quality of life for those with disabilities so they are empowered to live life to the fullest; from living in their own home to working in the community or enjoying a night out with family and friends.

Our Board of Directors help ensure that LEAP will continue to be a leader serving persons with disabilities for another 40 years.

LEAP is looking for people who have experience and/or skills in nonprofit work, finance, fundraising, insurance, marketing, or law who feel passionate about LEAP's mission and would like to serve on the Board of Directors.

For more information, please contact Melanie Hogan, LEAP Executive Director at mhogan@leapinfo.org.

About LEAP

Our mission is to advance a society of equal opportunity for all persons, regardless of disability. We do this by:

- Providing information, training, and opportunities to assist in overcoming barriers to employment, independent living, and being active participates in community life;
- In every service it provides, LEAP gives people with disabilities control so that they can live, work and socialize in the community of their choosing; and
- Advocating on local, state, and national levels, promoting social change and public policies to improve the quality of life for people with disabilities.

*A person w/a disability is someone who has a physical or mental condition, or has a history of such condition, that limits them in some major life activity.
