Details: Quantum LEAP seeks 12 to 15 participants to form a team to play softball at the brand-new Miracle League Field in Eastlake, Ohio. The Miracle League Field is made with a synthetic rubberized surface that accommodates wheelchairs and other assertive devices. The bases and pitching mound are painted onto the surface, there are no raised obstacles that you would find on a typical ball field. The field is also smaller than a typical ball field. This gives participants ease of making their way around the bases, as well as a better chance of hitting a homerun over the fence.

We will play on Saturday mornings. We will have a schedule and the times will vary each Saturday, either 9:00, 10:00 or 11:00am. We will have several mitts; however, we encourage you to bring your own with your name on it. You must provide your own transportation to the field.

Sign-ups MUST be received to LEAP by Friday, July 13, 2018
